Dear Mrs Haines
Yours of Nov 5th
was received Yesterday
I have talked with
Miss Dunbar about the
feasibility of supporting
children out of the Home
& we both think it would
not be a good idea.
But would be better
to send one of the
names of the children
already in the Home -
In order to secure the
help "The Band" might
send for the Home.
So I will send the name
of Hattie Duncan. A new

little girl who is only partially provided for. We do need some articles of clothing for the girls. Warm skirts & dresses. all sizes & woolen stockings. (Experience has taught me that it does not pay to make up calico for either dresses or aprons for this country. It wants to be something stronger & warmer. If there could be a box of shoes sent me of all sizes it would be a great saving. For shoes cost so much here. Of course almost anything would be useful, but the things I mention are what we are most in

need of. I don't
ask for it to be
sent - But if we
had a Bale of heavy
grey Blankets it would
be a real blessing to
us Spool cotton is
one thing I need
very much. I am
entirely out of colored
cotton. Now don't
think me begging. I
am only answering
your questions.
We are getting along
nicely. Very much
more comfortable ~~than we~~ in ours
new Home.

Very Sincerely Yours
A. R. McFarland.

One thing I forgot is Yarn for
my girls to knit stockings.
